Kensington and Education

Kensington empowers every K-12 teacher and student to achieve more with productivity and protective solutions for electronic learning. From classroom deployment, to bring-your-own-device requirements, to supporting common core standards, Kensington is trusted as the #1 source for digital learning support by K-12 IT leaders nationwide.

Kensington supports K-12 with:

- industry-leading quality standards for tamper-resistance, reliability and durability
- key hardware infrastructure for many of the nation's top school districts
- dedicated products for securing and guarding K-12 computing assets so productivity and IT data security remain high
- award-winning K-12 solutions provide computing productivity, comfort and convenience
- K-12 Education Bundles that allow schools to take advantage of generous bid discounts on proven technology-based learning setups
